

ZESTERRA® TUBS

Good source of protein

Highest-quality ingredients

Safe for All Ages of Horses

100% Natural – Contains no Drugs

Made in the USA

The Benefits of Zesterra® in a Convenient Lick Tub!

Lick tubs and blocks are a convenient, tried-and-true way to ensure your horses are getting the nutrients they need to stay healthy. Up until now, though, none of them have been able to do what we can – neutralize the gastric acid that can lead to ulcers and other health issues.

Horses are prone to stress-related issues, whether they're at home in the pasture or on the road competing. A strong digestive system helps support immunity while also fully utilizing feed and supplements for overall health.

Zesterra® lick tubs contain a balanced, professionally-formulated blend of vitamins, minerals and other vital nutrients necessary for daily health. Unlike other tubs, though, they contain the added benefits of Zesterra®, allowing your horses free-choice access to help keep their guts in top condition.

ZESTERRA® TUBS
